

Product specification

Fleur des Alpes® Organic Swiss Cayenne Pepper code no. 2308

Features:	Flavored with organic cayenne pepper, Fleur des Alpes consists of 93.18% Fleur des Alpes and 6.82% cayenne pepper from certified organic Swiss farms. Annual certification of organic herbs by the independent certification body bio.inspecta.																																																				
Use:	Seasoning of food																																																				
Organoleptic aspects:	Appearance	Two colors: white and red																																																			
	Odor	spicy																																																			
Composition: (dry matter)	Fleur des Alpes 93.28%																																																				
	Sodium chloride	NaCl	min.	97	%																																																
	Sulphate	SO ₄ ²⁻	max.	1.5	%																																																
	Calcium	Ca ²⁺	max.	6000	mg/kg																																																
	Magnesium	Mg ²⁺	max.	700	mg/kg																																																
	Herbs 6.82%																																																				
	Organic Swiss cayenne pepper																																																				
Moisture content	Weight loss at 110 °C	H ₂ O	max.	1.5	%																																																
Physical: properties	Grain size			0.1–5.0	mm																																																
	Average grain size			2.0–3.2	mm

Energy	106 kJ (26 kcal)																																																				
Fat	1.2 g																																																				
<i>Of which saturated fatty acids</i>	0.2 g																																																				
Carbohydrates	2.0 g																																																				
<i>of which sugars</i>	0.7 g																																																				
Fiber	1.9 g																																																				
Protein	0.8 g																																																				
Salt	93 g																																																				
Storage:	The salt should be stored under dry conditions and in closed areas that are protected from frost and free from condensation.																																																				
	Storage temperature			> 5	°C																																																
	Relative air humidity			< 70	%																																																
Regulatory: references	The salt complies with the following legal requirements:																																																				
	<ul style="list-style-type: none"> • FAO/WHO Codex Alimentarius CXS 150-1985 • Regulation (EU) 2023/915 on maximum levels for certain contaminants in food • Swiss food legislation (VLpH, VHK) • Does not contain any allergenic substances as per Regulation (EU) 1169/2011 or LIV • The product is not produced using genetic engineering methods and does not contain any genetically modified microorganisms or ingredients that require labeling in accordance with the applicable regulations (EC) 1829/2003 or VGVL. 																																																				
Allergens: GMOs:	<ul style="list-style-type: none"> • The product is not produced using genetic engineering methods and does not contain any genetically modified microorganisms or ingredients that require labeling in accordance with the applicable regulations (EC) 1829/2003 or VGVL. 																																																				
Ionizing radiation:	During production, the salt is not treated with ionizing radiation (nor is X-ray detection used). The requirements of Regulation (EU) 2018/848, the Swiss Organic Farming Ordinance, and the Swiss Ordinance on Foodstuffs and Commodities (LGV) are met. The same applies to the Bio Suisse, Naturland, and Demeter standards.																																																				
BSE/TSE:	No ingredients of animal origin are used in the manufacture and handling of this product.																																																				
Storage behavior:	Hygroscopic product: may harden in contact with water and cold. Product may clump a little as no anti-caking agent is used; this is easily reversed.																																																				
Packaging:	130 g jar																																																				
Shelf life:	3 years
